VOLUME CVIII.--NO. 84. ALEXANDRIA, VA., MONDAY EVENING, APRIL 8, 1907. PRICE 2 CENTS.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

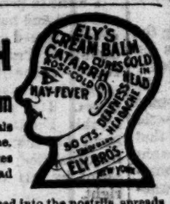
The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it on a *class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—causes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

HICKS FOR APRIL.

From the first to the third a reactionary storm period is central, and the probabilities are that the last storm period in March will continue into April. The month will come in with threatening, unsettled conditions, which will result in storms of wind, rain and snow on or about the second. Of course, the snow will be more probable in northern sections, but late squalls are possible in southern parts. From the 2nd to the 5th, beginning in the northwest, advancing eastward, higher barometer west winds, and cool enough for frost may be looked for.

A regular storm period, covering from the 5th to the 9th, is central on the 7th, and will reach its culminating point about the 8th and 9th in low barometer and thunder storms, or if rising barometer and change to clear, cooler weather follow, these storms will be of short duration.

The second reactionary storm period is central on the 11th, 12th and 13th. The moon being on the celestial equator on the 11th and new moon on the 12th, from which facts, we believe that the storm conditions from the preceding period will be prolonged and that a marked crisis of April showers will fall on or about the 11th and 12th. Many sections will be visited during the passage of these storms from west to east by vicious electrical storms with hail. One may expect to see reports of seismic disturbances from various parts of the globe about the 12th, taking that as the center of a period of five days.

Extending from the 17th to 22nd is a regular storm period, which is center on 19th. This period being at the center of the great Saturn period, covered by the vernal equinox, and also by the opening of the Mars period, we believe will prove one of the most decided, if not violent storm periods of the month. A change to cooler, with chances of frost will follow the storm areas of this period from about the 21st in the northwest and during 22nd and 34th in progressing eastward.

A reactionary storm is central on the 24th, 25th and 26th. General and heavy April showers will be natural and attended by lightning and thunder. A noticeable rise of the barometer will change to cooler and frosts northward will occur about the 26th and 27.

From the 28th to May 3rd is a regular storm period, which is central on the last day of the month. Storms of rain, hail, and thunder will likely develop about the 28th and 29th and continue into May 1st or 2nd and is a period in which seismic phenomena are much more likely to occur.

THE CHICAGO AND ALTON R. R.

Attorney General Stead of Illinois has handed Governor Deneen an opinion on the manipulations of the Chicago and Alton Railroad properties within the last few years by E. H. Harriman and some of his financial associates, including Geo. J. Gould, James Stillman and Mortimer L. Schiff.

After setting out at some length the various manipulations to which the railroad corporations and properties forming the Alton system were subjected, Attorney General Stead concludes there is not the least doubt that a civil remedy exists against the "financiers" who have wrecked this prosperous railroad company and, at the expense of innocent stockholders and bondholders, have gathered to themselves a harvest of millions of dollars.

Mr. Stead is doubtful, however, whether it is the province of the State of Illinois to enforce the remedy. The revocation of the company's charter, which, apparently, would be the natural procedure on the part of the State, would bring most of the suffering upon innocent stockholders, Harriman and his friends having already unloaded a large part of their holdings.

According to the figures sent out, in Mr. Stead's opinion, Harriman and his associates made a total profit of $24,648,600 out of their operations involving the Alton properties. As a result of this enormous profit to themselves, the railroad companies of the Alton system are thrown into helpless bankruptcy.

The indebtedness of the companies, as shown by the figures, in Mr. Stead's opinion, has been increased to a total of $80,646,218 since they fell into Harriman's hands. Of this amount only $22,500,000, according to Harriman's own testimony, was incurred for improvements, betterments or extension of the roads, says the attorney general.

"Over $57,000,000 of this indebtedness, or more than 70 per cent. of the entire indebtedness created by this syndicate upon the properties of these several companies, was not created in furtherance of any legitimate purpose for which a railroad company is, or can be, organized under the statutes of the State of Illinois."

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Another Coxey Army.

The New York Herald says: "Jacob Sechler Coxey, of the Coxey army of 1894, is planning another great national crusade on new and sensational lines. He may commence operations the present year. It all depends on the outcome of his investments. Since he went through bankruptcy two years ago, following the failure of the steel mill which he had built at his home in Mount Vernon, Ohio, he has been engaged in retrieving his fortune. Coxey was in New York several days ago and said: "I am preparing to take up my campaign of education where I was forced to leave it several years ago. I shall conduct this campaign on new and original lines, and in a way that will be certain to attract the attention of the nation. I will travel with an entire train of cars, and a tent capable of seating many thousands. This country is becoming ripe for just such a great movement."

WINE OF CARDUI

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, APRIL 8, 1907.

PROF. NATHANIEL SCHMIDT, of the department of Semitic languages and oriental history of Cornell University, has written an article for a periodical in which he declares that we are approaching a crisis in the religious life of mankind. "The tendencies of the times," he declares, "are unmistakable. The remnants of primitive ideas and practices are fast disappearing. Old myths vanish as science advances. Less importance is attached to sacred days and sacred places. The very notion of securing favor by sacrifice is lost. Faith," the professor says, "will honor and trust in reason, while careful to keep its light trimmed by cultivation of heart and will." "The Age of Reason," which Thomas Paine imagined in his day was about to supersede Christianity, proved to be an illusion, and his book has long been relegated to the owls and bats, while the Bible is appealing more and more to the well-disposed and studious among all nations and tongues. Prof. Schmidt, learned as he may be, will find that he has bitten off more than he can chew if he supposes that he at this day can supplant the faith of the fathers with his ideas which are older than Voltaire, Rousseau or Paine.

WORD COMES from San Francisco that the fear on the part of the prosecution of an attempt to rescue Abe Ruef from the officer having him in charge is so great that extreme precautions are taken to guard against such an attempt being successful. Rudolph Spreckels, who is backing the prosecution in the graft investigation at San Francisco with his fortune, has guaranteed a fund of $100,000, or more if necessary, and contributions to this fund from other citizens are being received daily. All good citizens of San Francisco should stand together in the prosecution of this man Ruef who should serve behind bars the remainder of his life—and even this would not expiate his crimes.

PROF. JACOB GOULD SCHURMAN, president of Cornell University, in a letter addressed to the editors of the newspapers of the South, takes occasion to repudiate the statement attributed to him to the effect that the civilization of the South was inferior to that of the north. In this letter he says that nothing was further from his thoughts than to draw a contrast between the civilization of the two sections, nor does he believe that a comparison would reflect discredit upon the South. Many people of the South were surprised when they read the statement referred to and they will be very glad to learn from Prof. Schurman himself that he had been misquoted.

DRIVEN from place to place by prohibitive orders, the anarchists of Germany at last managed to hold their congress in the open fields near Mannheim. They had previously tried to hold their meetings in a hall at that place, but all the delegates were put under arrest and their pedigrees taken. After their release they managed to evade the police and get together in the open fields across the river. The congress resolved to form a national organization, with groups in each State and headquarters at Berlin. The mistake the Mannheim authorities made was not jailing the anarchists when they had them under arrest.

FRIENDS of Mr. Perry Belmont assert that the opposition to his election as a member of the Chevy Chase Club was the result of the President's antipathy to him, because Mr. Perry Belmont had spoken of Mr. Roosevelt as "Mr. Face-Both-Ways." It is the truth that hurts.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 8.

Just when it seems certain that the annual Congress of the Daughters of the American Revolution, to be held here next week, would be exceptionally peaceful, the old fighting blood that gave rise to the organization asserted itself, and now there is every hope of a struggle that will make more fitting the title which jealous men critics have bestowed upon the association, "The Daughters of the Annual Row." If trouble there be, it will come from the attempt of Mrs. Donald McLean, candidate to succeed herself president general, to dictate who shall be elected to the subordinate offices. The advance guard of her opponents is already in Washington laying out a plan of campaign. Some difficulty has been encountered in getting anyone of prominence to take the field against Mrs. McLean. The insurgents first approached Mrs. Foraker to become a candidate but she declined. Now they are sounding the incoming delegates as to the candidacy of Mrs. Dubois, of New York, and Mrs. James N. Fowler, of Indiana.

Arguments were made in the U. S. Supreme Court today in the "Public Utility Cases," involving the collection of about $700,000 taxes by the city of Chicago. Former Senator Spooner appeared in the case by joining John S. Miller in arguing for the corporations. The suit grows out of the attempt of the city to collect taxes on the capital stock and franchises of the South Chicago City Railway Company, the Chicago City Railway Company, the People's Gas and Coke Company, the Chicago Telephone Company, and the Chicago Consolidated Traction Company. It is resisted on the ground that the assessment was unequal, discriminating and unfair inasmuch as the assessment of railroad and telegraph companies and other corporations did not exceed one-fifth of 70 per cent. of their value, whereas the stock and franchises of the utility corporations were assessed at one fifth of their full cash value.

Senator Scott of West Virginia called at the White House this morning to swear fealty to the President. The impression has been spread around, he fears, that he is opposing the Roosevelt policies. Nothing is really farther from his mind. He is with the President first, last and all the time. "There is not one word of truth" said Senator Scott, "that the President and I are not good friends You cannot put that too strongly."

Governor Elect Hoke Smith, of Georgia had a chat with the President this afternoon and when he came out of the executive office with two friends whom he had presented said: "The next president of the United States has got to be a man who represents the interests of the masses of the people." If this was a pen picture of President Roosevelt, Mr. Smith did not say so

The Supreme Court of the United States today decided that the New York cotton exchange has a right to put restrictions upon the manner in which its quotations shall be given to the public. It affirmed the judgment of the lower federal courts which granted an injunction against Clarence P. Hunt, of Memphis, Tenn., who claimed that he had the right to receive the quotations from the Western Union Telegraph Company with which he had a contract from the same before the exchange sought to regulate their sale.

The report that Secretary of State Root is about to resign from the Cabinet on account of alleged differences with the President, is not substantiated here. The published story is that Root is displeased because of the President's interest in selecting his successor in the White House, also because the President involved himself in a discussion with Harriman on the question of veracity, Root having advised against both courses. Is is believed that only the most serious differences with his chief would lead him to abandon his post at this time.

The Interstate Commerce Commission today held that express companies, can not give franks to railroad officials. In an opinion given to a western railroad president Interstate Commerce Commissioner Franklin Lane said: "Every time such express frank is used it is a violation of the law and subjects both user and carrier to the penalties fixed in the Interstate Commerce Act."

"The President has told me that he will not take another term. I know the man, so that is enough for me. He will keek his word." Jacob Riis, the lecturer on the slum, again disposed of the third term story today after a visit at the White House.

The Isle of Pines is part of the territory of Cuba, and not of the United States, as far as the collection of custom duties is concerned. This is the opinion of the Supreme Court of the United States handed down today in a New York custom case by Chief Justice Fuller.

If Mrs. Ida von Claussen calls at the White House for the purpose of securing revenge upon Minister and Mrs. Graves at Stockholm because they would not present her to the King of Sweden, she is very likely to be turned away disappointed. It was announced today that the President would not see her and that if she called she would be referred to the State Department.

The Supreme Court of the United States today dismissed the appeal of Thomas M. Fields, the local lawyer, convicted of embezzlement. He will now have to serve his sentence of five years in the penitentiary.

After Train Wreckers.

Pittsburg, Pa., April 8.—Nothing is being left undone by the Pennsylvania Railroad officials to capture the men responsible for the partial wrecking of the fast train near Hudson, Ohio, on the Cleveland and Pittsburg divison Saturday night. Posses and the sheriffs of Summit, Portage and Cuyahoga counties have been running down every clew, aided by the Cleveland police and the railroad detectives, but without result.

The railroad officials yesterday evening made a unique test to discover how long it would take a man familar with the track work to arrange the rails so as to throw a train off the track. The conditions under which the wreckers worked were duplicated as nearly as possible and the test showed that one man, working rapidly, could draw the spikes, remove the fish plates and bend the rail inward, securing it in that position in about five minutes.

Information has just leaked out that an attempt was made at 3 o'clock yesterday afternoon to wreck Pittsburg express, No. 62, on the Buffalo and Allegheny division of the Pennsylvania Railroad. A tie had been placed across the track about three quarters of a mile south of Parker. Instead of being derailed, when the engine of the express struck the tie, the obstruction was brushed aside. One man has been arrested on suspicion.

Exodus of Jews.

Berlin, April 8.—According to statistics complied by the German Jews' Association, 250,000 Jews left Russia during 1906, 200,000 of whom left for the United States, 156,000 landing in New York and the remainder being distributed throughout England, Argentine and South Africa. During the year 185 Jews settled in Palestine. At the present rate of emigration it is said that a quarter of a milllion more Jews will settle in the United States in 1907.

Searching for Train Robbers

Buffalo, N. Y., April 8.—Half a score of detectives are today scouring Buffalo and vicinity for the three men who last night in East Buffalo, held up a Lake Shore freight train in true Wild West fashion, and took enough booze from a bonded car to keep them drunk for months. The train had stopped at a lowered signal,

All of yesterday sober-faced little boys and girls came into the home of little Viola Kleinschmidt in Newark, and took a last look at the body of their little playmate. A disastrous wreck occurred on the Southern Railway about one and one-half miles from Mableton, Ga., Saturday night, by which eight or more negroes were killed, and twelve or fifteen injured, several probably fatally. An open switch is reported to have caused the wreck, allowing a west-bound freight to crash into another freight train standing on the main track.

The Congressional excursionists, headed by Speaker Cannon, who have been seeing the Greater Antilles and regions contiguous, including the Panama Canal Zone, returned to New York yesterday. Mgr. Baldassarri, bishop of Imola, was received on Saturday by the Pope and Papal Secretary of State Merry del Val, to whom he reported the result of the inquiries he had made regarding the miracles attributed to the late Pope Pius IX, for use in his beatification. Pope Pius, before being elected Pope, was bishop of Imola.

Train No. 323, east-bound, the fastest train on the Pennsylvania Railroad, between Pittsburg and Cleveland, was wrecked at 8 o'clock Saturday night near Hudson, Ohio, 123 miles west of Pittsburg. None of the passengers were injured, but the fireman, who jumped when the accident occurred, was seriously hurt. According to the railroad officials, the train was purposely wrecked. An investigation disclosed that the attempt made by the wreckers was the same used several times in the vicinity of Pittsburg recently. Rewards aggregating $10,500 have been offered for the apprehension of the wreckers. Of this amount $2,500 will be paid for the capture within forty-eight hours of the persons responsible for the wreck.

The schooner was bound from New York to Wiggins, S. C., for a cargo, and was swept out of her course by the storm. Shortly after midnight she ran on the beach and was discovered in the breakers by a coast guard from the Nags Head station. On account of the high sea no attempt was made to launch the boats. A line was shot over the schooner and the breeches buoy was run out. When the surfmen pulled it in they were surprised to find a young woman as its passenger. She is the daughter of Captain Fletcher of the wrecked craft. Then one by one the seven members of the schooner's crew and the captain's wife were hauled to safety through the seas, and on the last trip Captain Fletcher came in.

The appointment of S. G. Hoge, of Roanoke, to succeed the late J. C. Blair as assistant district attorney for the western district of Virginia is regarded in Bristol as a disappointment to Congressman Slemp, since it takes the honor away from his district. It is understood that J. L. Gleaves, of Wytheville, was Slemp's candidate, and that he had Lawrence Hyatt, of Jonesville, Lee county, slated for chief clerk to United States Marshal S. B. Allen, the position now held by Gleaves. District Attorney Moore seems to have controlled the appointment.

Wireless telegraph reports received at Norfolk tell of the missing of a coal barge, manned by ten men, which the United States navy collier Caesar was towing off St. Augustine, Fla., on April 1. The barge was torn away in a gale, and has not been since seen, although the Caesar commenced an immediate search for it. The collier sailed from Key West for Norfolk with the barge in tow on March 31. A rather alarming rumor last night was that an explosion has occurred on the Caesar, killing half of the vessel's crew, but no authority can be found for this statement. It seems that the Caesar has not been heard from since she commenced to search for the barge. [The Caesar several years ago lay off Alexandria for a week or more.]

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Report of Commissioners Confirmed.

New York, April 8.—The twelfth week of the trial of Harry K. Thaw, for killing Stanford White, began today with every prospect that after the delays which have occurred it would finally be completed within a few days.

Shortly before the jurors were brought into court this morning for the resumption of the trial District Attorney Jerome made a formal and perfunctory appeal to the court asking it not to confirm the report of the insanity commission which had found Harry Thaw sane and capable of directing his own defense.

"In view of the finding of the lunacy commission, I can only accept it," said Justice Fitzgerald in answer to Jerome. "The trial will resume."

The jurors were brought in and after a delay of nearly three weeks—since Jerome interrupted the hearing with his sensational speech in which he declared he had no right to be trying Thaw, because the latter was insane—the trial was resumed.

Dr. Allan McLane Hamilton was called to the stand as the first witness, but objections from Jerome to Delmas's line of questioning were sustained by the court, and the efforts of the defense to have the alienist say he considered Thaw insane at the time he shot White [illegible] ing futile, the witness was withdrawn.

After a few moments conference with his colleagues, Delmas announced "The defense rests."

Justice Fitzgerald then intervened to declare he wished the taking of testimony to cease.

The trial was subsequently adjourned until 2 p. m.

When court reconvened Delmas began his argument.

Mrs. Wm. Thaw's Bounty.

Pittsburg, Pa., April 8.—Word received from New York that Mrs. Wm. Thaw had settled $850,000 on Evelyn Nesbit Thaw before the commencement of the trial of her husband, Harry K. Thaw, on the charge of murdering Stanford White, was confirmed here today. This action, it was explained, was not necessary on the part of Thaw's mother to induce her son's wife to tell her story on the stand, nor was it arranged in any way to be affected by the outcome of the trial. Those who are informed on the subject say this act of the elder Mrs. Thaw was merely in keeping with the confidence she placed in Evelyn Nesbit Thaw when she accepted the young woman as a daughter-in-law on the basis that both she and Harry intended to "turn over new leaves," and live quietly as husband and wife. The impression is given that Mrs. William Thaw believed the young couple were keeping their word to her when Stanford White is alleged to have interferred with them by renewing his attentions to Evelyn.

Anxiety in Paris.

Paris, April 8.—Paris today faces what it is feared may prove one of the most serious strikes in its history. That a food famine may follow if the strike becomes effective is alarming to Parisians. Butchers, bakers, grocers and other trades employes are the persons threatening the strike. A committee of the Allied Provision Trades Union, in which all such employes are combined, has voted the strike. No date was specified for the walk-out, but it is believed the strike will be inaugurated on Thursday. Today thousands of Parisians began taking the precaution of stocking their homes with all kinds of provisions to be prepared for the worst if a strike ties up the markets.

Killed at a Fire.

New York, April 8.—One fireman was killed and fourteen others were injured, one of them fatally, in a fire which occurred early today in the power plant and car barns of the old Metropolitan Street Railway on One Hundred and Forty-sixth street, between Lenox and Seventh avenues. Several explosions accompanied the fire, the walls of the building were blown out by one explosion and six men buried. The large plant was almost completely destroyed and over 200 street cars were burned with a total loss of nearly $1,000,000. Several large apartment houses in the neighborhood were threatened, but the firemen succeeded in saving them.

Fatal Accident to Sleeping Man.

Hagerstown, Md., April 8.—While asleep on a wide leather belt in the Hagerstown street railway company's electric power plant, Oliver Sinnison, a night employe, of the company, was crushed to death through the starting of the machinery. The engineer of the plant did not know of the man's presence on the belt, when he started the machinery today. Sinnison was carried on the belt to the wheel and instantly killed, his head and body being crushed to a pulp.

Case Adjourned.

New York, April 8.—Frank W. Hill, discharged stenographer of E. H. Harriman, was arraigned in court today charged with causing the publication of a private letter. The publication of this letter written by Harriman to Webster led to the controversy between the railroad magnate and President Roosevelt. The case was adjourned until Saturday.

Helsingfors, Finland, April 8.—Finland has just set an example to the world in the selection of women to the legislature. It is the first instance in history when women have been elected to a national assembly.

IN MEMORIAM.

In memory of RAYMOND G. ACTON, who departed this life April 7, 1907. Gone, but not forgotten.

In the graveyard, softly sleeping,
Where the flowers gently wave,
Lies the one we love so dearly
In his lonely, silent grave.
Farewell, son; may your slumber
Be as gentle as your love,
And when God will call us homeward
May we meet in heaven above.

THE METHODISTS.

The principal subject of discussion in the Maryland M. P. Conference in Washington, Saturday, was that relating to missions at home and abroad. Especial stress was laid upon the necessity of missions in Japan, and in the course of the discussion it was stated that 100,000 young Japanese are studying the English language in their own country. Rev. Dr. J. H. Lucas, secretary of the Board of Home Missions of the Methodist Protestant Church, made the statement that there are many million persons in the United States who have never embraced the Christian religion, and urged the importance of home missions.

Rev. S. J. Ogburn, corresponding secretary of the Board of Foreign Missions, said that the Methodist Protestant Church has received from Seattle, Wash., a bequest of $3,500, $2,000 of which was immediately appropriated for a site in Tokio, Japan, upon which to erect a church.

Arrangements were made to have the delegates received by the President at the White House this afternoon at 2:30 o'clock. About 500 will attend the reception.

A resolution relative to superannuates, introduced by Daniel Baker, of Baltimore, was unanimously adopted. The resolution recited "That every minister of the Maryland Annual Conference of the Methodist Protestant Church, who has been in actual service for more than forty years and who receives the superannuated relation, shall be entitled to receive from the superannuated fund as a yearly salary the same amount as is the average annual salary of the minister who sustains active relation to the conference for the corresponding year."

Pulpits of twenty-eight churches of different denominations in Washington were filled yesterday by Methodist Protestant ministers, who are attending the conference The principal service was held at the Rhode Island M. P. Church. The occasion was the ordination of seven applicants as ministers.

Saturday's session in Cumberland, Md., of the Baltimore Conference of the Methodist Episcopal Church decided to meet next year at Hamline Church, Washington.

A denial was made by Rev. H. R. Naylor, presiding elder of Washington district, that the North Capitol Street Church, Washington, was involved in any financial trouble,

Addresses were delivered detailing the work of the Laymen's Association by W. T. Conn and Summerfield Baldwin, of Baltimore. The latter notified the conference that the laymen had adopted a report that the time limit for preachers should be set for five years, and that it was desired that the matter be brought to the attention of the general conference next year. The proposed re-establishment of the Methodist Book Concern in Baltimore and the raising of salaries for preachers now underpaid, matters approved by the laymen, were discussed.

Robert J. Nicholson, Arthur Hart McKinley, and Guy A. Luttrell were admitted to elders' orders. William L. Lynn, of Washington, was elected to full membership. W. L. Orem, of the Harford circuit, was granted a supernumerary relation. The class which passed the examination was received into full membership by Bishop McDowell.

The conference confirmed the action taken nine months ago in the cases of J. H. Brunges, formerly pastor of Hunt's circuit, in Baltimore county, who was allowed to withdraw under complaint of intoxication, and E. G. Sugg, pastor of the Oxford Mission, Baltimore, who was discontinued.

At the service at Center Street Church yesterday morning, Bishop McDowell preached and ordained to the ministry the following deacons: Edwin P. Fellenbaum, James A. Haugh, Walter G. McKenney, Daniel L. Ennis, Harry G Spencer, George L. White, Louis G. Carroll, Charles W. Lanham, John A. Shockey and Albert E. Ogg.

Taft In Cuba.

Havana, April 8.—Secretary Taft today assumed an absolutely non-committal attitude on the question of Cuba's future and refused to give any definite answer as to the probable date of the holding of an election or the withdrawal of the American troops from the island. He was visited at the palace by delegations from the political parties and the leading business interests of the island. The liberals, under the leadership of Zayas, who hopes to become the candidate of that party at the next presidential election, pressed Taft for some definite announcement but after having heard the plea of the business interests who maintained that an election at this time would be most disastrous for the island, Secretary Taft announced that such an important matter could not be settled at this time. Zayas and his followers left the meeting in a huff and there are many mutterings of discontent among the liberals. At this time, there is no knowing what the announcement will be.

Changes Directors.

For several days rumors have been current in financial circles relative to important changes in the directory of the United States Trust Company recently incorporated under the laws of the District of Columbia, and about to start in business in Washington. These rumors were confirmed Saturday, when it was learned that a group of the directors, under the lead of C. J. Rixey, president of the Traders' National Bank had withdrawn from the board of the trust company, and that other capitalists had been elected to take their places.

Owing to unexpected delay in obtaining the acceptance of some of the men newly elected to the directorate, the announcement of the changes in the board could not be announced until late yesterday afternoon. It is now stated that Owen Owen is replaced by H. Bradley Davidson, Dr. P. M. Rixey by A. H. Plant and Andrew Glass by Oliver J. Sands. The name of C. J. Rixey's successor is not yet made public, but he is president of a national bank.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. THE COMING PRIMARY.

An Important Question to be Settled by the Voters.

On the 19th day of June, 1907, you, my fellow citizens, will engage in an election for a successor to the late Hon. John F. Rixey. It is a national office, and should be kept free from local entanglements. A voter's or candidate's position in the late gubernatorial or senatorial fights should not be brought in question, for those differences were settled by the last elections but now friends and foes, politically, in those contest, are arrayed against each other, striving as best they can to elect the most competent man to the position. As this is an election in which the whole district is interested, how should we proceed:

First. Examine the man—not for good looks, not for flashy dress, not for flow of speech—for these are non-essentials in a Republican Congress. Those who know anything are aware that the most logical argument ever presented by a Democrat on a public question before a Republican Congress never changed a vote in the opposition's ranks, and yet for power and ability to make a logical argument or for flow of language which of his opponents can equal the man I will name.

Second. Vote for an able man, a man with an established reputation, and, if for a lawyer, the best the district and State has produced—one who has been a credit to his district and State, and lastly one who lives, moves, and has his being in the fear of God—whose consecration to Christianity neither increases nor diminishes as the campaign waxes warm.

Third. We should never vote for a known politician to the seat made vacant by the death of the most lovable of men.

Fourth. We should never vote for a man whose fame has not reached every hamlet by virtue of official acts or prominence gained in the walks of life, without other advertisement.

A man would not always make a good Congressman who is a "mixer" or who is in touch with the politicians of our State.

Unlimited nerve and unlimited means places many men in position—socially and politically—without either, or both, would have been consigned to social or political oblivion long ago.

No one ever accused the late John F. Rixey of being a "mixer" in the true meaning of the word, and this District never had a more faithful servant.

I want to name for your consideration our able and honest, efficient and trustworthy, gifted and astute leader from the County of Prince William—Charles E. Nicol—a manly, fearless leader; one who stands four square to every wind that blows. It is probable that many voters in this District have not grasped his hand, but there are very few who are unacquainted with his fame, brought about by his determination to do the right.

He is not a believer in pictorial campaigns, and his photograph does not appear in public houses, or on telegraph poles, barns, fences, etc., throughout the district. This is not necessary for our candidate. His fame is sufficient photograph for him.

Thinking people notice the supporters of other candidates and ask yourselves the question if these people, and they are legion and their power is mighty, represent the best interests, or do they coincide with your views on anything pertaining to right. They must expect something, for, to a man, they are as busy as bees in the interests of a certain candidate against the field, and I naturally presume they anticipate a freer hand.

Remember, voters, you can send a man to Congress who will be a credit to you—one unhampered and unobligated—one who in a speech or in committee work will take rank with the foremost statesmen of the land—if you vote for Charles E. Nicol. If you divide your strength you alone will be to blame

As other interests are solidified against us let the voters be up and doing and prove to the grand old Mother of States that we have not forgotten the lessons taught in childhood. I present to you a man who is loved even by his political enemies, whose official life stands as a monument to his integrity—Charles E. Nicol, of Prince William. Vote for him and you will not regret it.

A DEMOCRAT.

The aftermath of the "borrowing" of a horse and wagon from Robert Arnold between 4 and 7 o'clock last Saturday morning was developed in the Police Court this morning when Alexander Brown and James Cook, two white youths, who had been arrested by Officers Henderson and Nicholson, were made to face the bar charged with stealing chickens. The youths, according to their statements, procured a jug of whisky while on the old fair grounds last Friday night, drank themselves drunk and later, "in order to obtain shelter from the rain," proceeded to the extreme northern boundary of the city (Madison street between Washington and Columbus) and entered a hen house. Here they say they became oblivious to their surroundings or further movements, although later either in a somnambulistic state or during their waking moments, the evidence and confessions of the accused showed that they took sixteen fowls from their place of shelter and fourteen from another house, placed them in a box, procured the horse and wagon, placed the chickens in the same, proceeded toward Washington, stopped at Del Ray where they purchased sandwiches and reached the capital city where they disposed of the chickens at twelve cents a pound. It was shown that one of the chicken houses had been broken open with an axe. One of Brown's relatives reimbursed the owners of the chickens after the youths were arrested. Justice Caton, after hearing the evidence, was disposed to deal as leniently as possible with the offenders, it being the first time that either had been charged with a serious offense. He therefore imposed a fine of $20 upon each, with the understanding that should they be again convicted of larceny he would impose a jail sentence with the fine.

Sent on to Grand Jury.

Among the passengers on an electric train which reached this city shortly after twelve o'clock last Saturday night was Mr. J. K. Schwartz, formerly treasurer of the road. Mr. Schwartz left the train at the corner of Prince and Fairfax streets and proceeded towards his home on Fairfax street, between Prince and Duke. Upon reaching the southeast corner of Prince and Fairfax streets a man sprang from the shadow of the old factory and seized him. Mr. Schwartz used his cane in defending himself, and while doing so demanded that his assailant "get away." These words attracted the attention of Mr. Carey Mills and his son Hubert, who had arrived in the city on the train with Mr. Swartz, and they ran to the latter's rescue. The assailant started to run, but he was overtaken half a square east by young Mr. Mills, by which time the latter's father had reached his son's side, and they took the man in custody. He proved to be John Ryan, who had also been a passenger on the train. Ryan was escorted to the station house. He was brought before Justice Caton in the Police Court this morning, when the facts in connection with the case were given as stated above. Ryan in his version of the affair said he proceeded toward Fairfax street after leaving the train, he having a message to deliver, when he encountered Mr. Swartz, who began striking at him with his cane. Justice Caton sent Ryan on the grand jury. Mr. Swartz broke his cane while resisting Ryan.

Men's Meeting Tonight.

Mr. Charles F. Nesbit, who will deliver the address at the men's meeting in the Second Presbyterian Church tonight at 8 o'clock, is one of Washington's progressive business men. He is deeply interested in the uplifting of the young men of that city, and is one of the directors of the Young Men's Christian Association of that city. During the past winter he has been leading what was called the "Twentieth Century Club" of that organization, which has been meeting weekly for debate on the vital problems confronting the young men of today, and the men of this club have found his leadership in these debates extremely helpful and interesting. The Presbyterian Brotherhood feel that they are especially fortunate in securing Mr. Nesbit to speak to the men of Alexandria on the great question, "The Relation of Christianity to Modern Business Methods."

Sues After Lover Dies.

In the issue out of chancery in the cause of Lillie B. Jeffries against the estate of the late Thomas T. Carter, tried in the Circuit Court of Prince William county Saturday, Judge Barley presiding, the jury awarded a verdict in favor of the plaintiff.

A notion was made to set aside the verdict on usual grounds and argument upon the same will be heard in vacation. Miss Jeffries was suing the Carter estate for the purpose of retaining possession of "Idlywilde" farm, near Gainesville, in that county, which she alleged in her will was purchased for her by Carter, and herself placed in possession of same, as a consideration of her promise to marry him.

The marriage, which was to have taken place the latter part of April, 1906, failed of consummation through the sudden death of Mr. Carter a few weeks prior.

This case has attracted considerable attention and a decision of the issues involved has been looked forward to with much interest by friends of the plaintiff in different sections of the State.

Miss Jeffries, who is a petite brunette of prepossessing appearance, is a cousin of James Jeffries, former commonwealth's attorney for Fauquier county, and a daughter of George W Jeffries, formerly of Fauquier, but now a resident of Prince William.

The late Thomas T. Carter was the originator and owner of the Carter's ink formula and had accumulated considerable wealth as the result thereof.

"Idylewilde" homestead up to within a few years of its purchase by Mr. Carter was used by its former owner, Miss Louise Moxley, as a female high school with herself as principal.

Woman's Club Wants a Liquor License.

The new and exclusive organization of society and professional women, the Colony Club, which opened its handsome house on Madison avenue, near Thirtieth street, New York, a few days ago, is seeking a license to sell liquors to its members.

On the heels of this interesting bit of news comes the equally interesting announcement that the ambition of a majority of the Colonists to be able to have wine with their meals has been balked by the pastor and the officers of the Madison Avenue Baptist Church.

As the result of this Baptist opposition it is probable that the Colony Club will get no liquor license, which is a pleasing prospect to a majority of the members, but a disappointment to others.

Under ordinary conditions the club could secure its permit with little trouble, even though it is an organization composed solely of women; but it happens that diagonally across the avenue, and within the 200-foot limit, stands the Madison Avenue Church, which has for its pastor the Rev. K rr Boice Tupper.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

The Famine in China.

The Red Cross Society says that the famine in China is unprecedented in severity, and the period of greatest agony is yet to come. Many weeks must pass before there will be relief from new crops, and hundreds of thousands—yes, millions—today are kept alive only through the contributions of the American people, who have sent their donations to the National Red Cross at Washington and to the Christian Herald, of New York. The large amount of money and shipments supplies already made have only partly relieved the situation, and while hundreds of thousands of lives have been saved hundreds of thousands must yet die unless large additional sums of money and large shipments of food are immediately provided. It is said that the people have been reduced to such straits that they dig up and eat their own dead.

Fight in Church.

After the morning services at the Emmanuel Church in Philadelphia yesterday, a rough-and-tumble fight among the members of the congregation took place in the vestry room. The pastor was much shaken up in a mix-up with George Shegog, leader of the faction that has been active in opposing him. Emmanuel Church has been faction-torn for some time, and the pastor is under $1,000 bail on the technical charge of having embezzled the Easter collection. The collection was taken yesterday by choir boys. As the pastor put the plates on a table, Shegog stepped forward to take charge, and the next instant J. W. Watkins, of the pastor's faction, was in a fight with Shegog. A general fight followed. After a time both sides were pacified and services were held last night under police surveillance.

Liquor Dealer Dropped from Rolls.

Asbury Park, N. J., April 8.—Colonel H. J. and Mrs. S. A. Bly, who took out the first liquor license in Asbury Park, were dropped from the rolls of the First Baptist Church, of which they were members, at a meeting last night of the congregation. Their fate was decided by 35 women and five men. At 8 o'clock the Colonel and Mrs. Bly were good Baptists. At 8:10 they were not Baptists at all. The celerity of their passing into the secular world was only equaled by the secrecy observed and the absence of discussion. Evidently the 35 women and five men were of one mind, for it was stated by one of the deacons that no negative votes were cast.
